

From 1st July, for up to sixteen weeks, Alfreton Bus Station will be closed for reconstruction and improvement works.

The project will focus on improving accessibility, particularly for those with limited or restricted mobility, and on providing new passenger waiting areas.

While we are delivering this project, all bus services will be moved to other existing and convenient temporary stops around the town centre. You can find which stop your bus will be using in this leaflet.

This project is being delivered using Derbyshire County Council's Bus Service Improvement Plan funding.
